CREMATION DISCLOSURE All cremations are performed individually. Cremation is performed by placing the body, which must be in a leak resistant, rigid cremation container or prepared hardwood casket, within the cremation chamber where the temperature is raised to approximately 1100 to 1800 degrees Fahrenheit, and the body will be totally and irreversibly destroyed by prolonged exposure to intense heat and direct flame. Upon completion of this cycle, all substances are consumed or driven off, (except bone fragments, other materials, metals, etc.) are then swept from the chamber. All metal, prosthesis, hip joints, surgical pins, dental fillings, etc. are discarded. The cremated remains are then mechanically processed (pulverized). Once processed, the cremated remains are then encased in the specified urn. The Crematory makes a prudent effort to remove and recover all of the cremated remains from the crematory chamber, processing equipment and other tools or containers.

LIMITATION OF LIABILITY As the Authorizing Agent(s), I (we) hereby agree to indemnify, defend, and hold harmless the Crematory, its officers, agents, and employees, or and from any and all claims, demands, causes, or causes of action, and suits of any kind, nature or description, in law or equity, including any legal fees, costs or expenses of litigation, among as a result of, based upon or connected with this authorization, including the failure to properly identify the decedent or human remains transferred to the Crematory, the processing, shipping and final disposition of the decedent's remains, any damage due to harmful or explodable implants, claims brought by any other person(s) claiming the right to control the cremation or disposition of the decedent or the decedent's cremated remains, or any other action performed by the Crematory, as officers, agents or employees, pursuant to this Authorization, excepting only acts of willful negligence. If disposition of the cremated remains is still undetermined or if they remain unclaimed beyond ninety (90) days, I (we) authorize the Funeral Home and / or the Crematory to dispose of them in any lawful manner they designate.

SHIPPING If cremated remains are to be shipped they must be sent by U.S. Registered Mail. The Crematory or the Funeral Home is not responsible for any loss or delay of cremated remains by the U.S. Postal Service.
